

Art and DT Curriculum Overview

We offer a variety of learning experiences throughout the school that are relevant to our pupils and enable them to achieve. Currently pupils access a mixture of curriculum aspects based around the Engagement Model, EYFS Framework, Key Stage 1 & 2 of the National Curriculum for Art and Design. Our pupils have the opportunity to gain Arts Awards Discover, Explore and Bronze as they move through the school and work towards OCR units which contribute towards Life and Living Skills qualifications in KS4.
